The homes are oriented to optimise natural light and views of the surrounding greenery as it changes from season to season.

Beautifully appointed kitchens inspire the household chef with every detail, and generous storage, thoughtfully considered. An optional upgrade further enhances the space with a 900mm gas cooktop, electric oven and fully concealed rangehood. A tinted glass splashback, integrated dishwasher and under-mounted stainless steel sink ensure the kitchens are uncluttered and highly functional spaces.

Open plan living is complimented by beautifully presented courtyards. Platform townhomes are flooded with natural light, whilst ensuring resident privacy. Every detail is considered to optimise the use of space and provide a natural and relaxed environment.

Choose from two colour schemes. The dark materials provide a subtle and sophisticated finish, while the lighter hues create a contemporary and Scandinavian-inspired aesthetic.

Large mirrors and set piece tiles are enhanced with the upgraded bathroom package offering elevated luxe through a feature wall of mosaic tiles and beautiful gunmetal tap ware.
